

OAK LAWN BASEBALL
PERSONNEL BACKGROUND & RESPONSIBILITY STATEMENTS

INSTRUCTIONS

The Oak Lawn Baseball (OLB) Executive Board requires each Officer, Manager and Coach involved with the operations of our youth baseball and softball leagues to provide information on their personnel background concerning certain types of felony and misdemeanor convictions. Secondly, you are asked to acknowledge your responsibilities as a volunteer for the youths placed under your management. The objective of this form is to enhance the protection of the youths participating in our program and ensure that all personnel understand their responsibilities to the youths placed under their direction and control. Failure to complete this form in its entirety will result in your not being allowed to participate as an Officer, Manager or Coach within OLB.

Complete and sign both parts of the form. Place the completed form in an envelope (indicate league and team name on envelope), and seal it. Return it to your Manager, League Vice President, or OLB Executive Board Officer as appropriate. To ensure the confidentiality of this information only two people will review the completed form, the Presidents of the Boys and Girls Leagues for their respective teams, and the President of OLB. We thank you for your cooperation in this important matter and for the contribution of your time to our youth program.
